Where Rivers and Nations Meet

Walking Track Guide

To Wooroonooran N.P. the Boulders and Bartle Frere

Information on accessibility of Walking Tracks, **Misty Mountain Trails, the Heritage Trails Network and the Taste of the Tropics Food Trail** is available by contacting any of the Visitor Information Centres around the region or QPWS on 13 QGOV (13 74 68)

Visitors will experience spectacular views & the exhilaration of being high in the rainforest canopy.

Palmerston Section
Wooroonooran National Park

To Innisfail 34 kms

For information on track conditions visit www.nprsr.qld.gov.au - Parks & Forests

An important component of the Wet Tropics World Heritage Area, **Wooroonooran** boasts some of the oldest surviving rainforest in the world. Walking tracks include:

- Crawford's Lookout to North Johnstone River Lookout (1.5kms) - the track winds down, dropping some 500m. There is access to river via a steep 800m walk from junction.
- Crawford's Lookout along Highway to the entrance to Tchupala Falls (2kms).
- From here the track leads either to Tchupala Falls or to spectacular Wallicher Falls
- Continue to Goolagan's Ck Picnic Area (3kms).

• From Goolagan's Creek Picnic Area a short track (800m) then follows Henrietta Creek and links the picnic and camping areas.

• From here, the track climbs the ridge that separates Henrietta and Douglas Creeks. It then winds slowly down towards Nandroya Falls (2kms) from the camping area. Return back along the main Nandroya Falls track or continue along the full circuit track (7.2km). It then skirts a steep hillside before rejoining the main track about 1km from the camping area.

Camping permits can be obtained from the self-registration station at the camping area.

The 'Boulders'

Only 8 kilometres from the Babinda turnoff beneath the foothills of Bartle Frere, lie the beautiful Boulders which is the starting point for several excellent bushwalks. These include:

- Devil's Pool Walk to the Boulders Lookout (100m);
- Devil's Pool Lookout (470m) and onto Boulders Gorge Lookout (600m).

EXTREME DANGER
Do not enter the water downstream of this point for any reason

For information on track conditions visit www.nprsr.qld.gov.au

Bartle Frere Summit Trail

Wooroonooran National Park

FOR FIT & EXPERIENCED WALKERS ONLY

If planning a trip contact Ph: 13 QGOV (13 74 68)
For up to date information visit www.nprsr.qld.gov.au - Parks & Forests

At 1622 metres, Bartle Frere is Queensland's highest peak. Distance to the Summit is 7.5 kilometres (allow 2 days return). The trail is unformed and very steep in some places. Keep to marked trail as it is easy to get lost in dense rainforest. Access to the trail is at the turnoff to Josephine Falls (2 kilometres south of Miriwinni) on the Bruce Highway. The park entrance is 8 kilometres from the turnoff. From the parking area you will make a steep gradual climb coming to Big Rock Camp. You can either climb to Broken Nose or continue, to pass over numerous granite boulders, and on to the Summit. From the Summit, you can return to your starting point or continue on to the Junction camp (15 kilometres total length). Be sure to make private transport arrangements.

The trail to Broken Nose is 10km return (allow 8hrs), is difficult and steep. There is no water along the trail. Offers excellent views of the coast and the Atherton Tableland.

A camping permit is required & available from a self-registration stand at Josephine Falls trail end. Only the fittest bushwalkers can cover this distance in one day so the hike is best undertaken over 2 days. SAFETY FOR HIKERS

Before departing for this hike please ensure you:

- seek local info from Ranger Station;
- have adequate maps and compass;
- have adequate food, water, clothing suitable for wet & cold conditions;
- give details of proposed trip to a responsible person;
- take a fuel stove, no fires permitted.
