Walking Track Guide
To Wooroonooran N.P. the Boulders and Bartle Frere

Information on accessibility of Walking Tracks, **Misty Mountain Trails, the Heritage Trails Network and the Taste of the Tropics Food Trail** is available by contacting any of the Visitor Information Centres around the region or QPWS on 13 QGOV (13 74 68)

Visitors will experience spectacular views & the exhilaration of being high in the rainforest canopy.

Palmerston Section
Wooroonooran National Park

For information on track conditions visit www.nprsr.qld.gov.au • Parks & Forests

An important component of the Wet Tropics World Heritage Area, **Wooroonooran** boasts some of the oldest surviving rainforest in the world.

Walking tracks include:

- Crawford's Lookout to North Johnstone River Lookout (1.5kms) - the track winds down, dropping some 500m. There is access to river via a steep 800m walk from junction.
- Crawford's Lookout along Highway to the entrance to Tchupala Falls (2kms).
- From here the track leads either to Tchupala Falls or to spectacular Wallicher Falls
- Continue to Goolagan's Ck Picnic Area (3kms).

• From Goolagan's Creek Picnic Area a short track (800m) then follows Henrietta Creek and links the picnic and camping areas.

• From here, the track climbs the ridge that separates Henrietta and Douglas Creeks. It then winds slowly down towards Nandroya Falls (2kms) from the camping area. Return back along the main Nandroya Falls track or continue along the full circuit track (7.2km). It then skirts a steep hillside before rejoining the main track about 1km from the camping area.

Camping permits can be obtained from the self-registration station at the camping area.

The 'Boulders'

19km one way to Goldborough Valley. The walk to the ridge (6km sign) is a good return walk. (Moderate Walk).

Bartle Frere Summit Trail
Wooroonooran National Park

FOR FIT & EXPERIENCED WALKERS ONLY

If planning a trip contact
Ph: 13 QGOV (13 74 68)
For up to date information visit
www.nprsr.qld.gov.au • Parks & Forests

At 1622 metres, Bartle Frere is Queensland's highest peak. Distance to the Summit is 7.5 kilometres (allow 2 days return). The trail is unformed and very steep in some places. Keep to marked trail as it is easy to get lost in dense rainforest. Access to the trail is at the turnoff to Josephine Falls (2 kilometres south of Miriwinini) on the Bruce Highway. The park entrance is 8 kilometres from the turnoff. From the parking area you will make a steep gradual climb coming to Big Rock Camp. You can either climb to Broken Nose or continue, to pass over numerous granite boulders, and on to the Summit. From the Summit, you can return to your starting point or continue on to the Junction camp (15 kilometres total length). Be sure to make private transport arrangements.

The trail to Broken Nose is 10km return (allow 8hrs), is difficult and steep. There is no water along the trail. Offers excellent views of the coast and the Atherton Tableland.

A camping permit is required & available from a self-registration stand at Josephine Falls trail end. Only the fittest bushwalkers can cover this distance in one day so the hike is best undertaken over 2 days.

SAFETY FOR HIKERS

Before departing for this hike please ensure you:-
